

Tape counter times	Person speaking	Text
	2148	That's all right. Obviously we've spoken to Sheila and Tracey and Fleur and Sheila says it was 1982 that you moved to Bramshaw Gardens.
	R	It could be. I know we were there six weeks before we put it on the market.
	2148	And then you moved to 80 Portland Road.
	R	Yes.
	2148	Am I right in thinking you then stayed at Portland Road for quite a while about seven years before in 1989.
	R	That sounds about right.
	2148	You moved into 40 Stokewood Road.
	R	It was a nice little family home that was.
	2148	In regards to 56 Bracknell Road can you just describe that property.
	R	It was a maisonette there was another maisonette above it. You go in the front door at the front and there were windows to the if you're looking at the front door the window is to the right. You go into a very small area before there was another door into the lounge and that door led into the lounge. The door straight across was another small area with the stairs to the right running up. And if you went straight through there was a kitchen and a back door. You could see the back door and there was just an ordinary kitchen. Upstairs there was a small bedroom to the right and then the main bedroom to the right. Then to the left was another bedroom with a bathroom and toilet separate.
	2148	So three bedrooms upstairs in total.
