19/06/2008	12:01	I authorise a search of Vauxhall Omega index number N7MBB parked near to 27 Whytehead Gardens, Victoria Road, Diss, Norfolk, IP22 4HB under s18(1) PACE Act 1984 as I have reasonable grounds for suspecting that there is on the premises evidence relating to the offence for which James COLTON is in custody, or to some other similar or connected arrestable offence. The grounds for the search are that DP has been arrested for harassment on behalf of another force who asked for his computer equipment to be seized for examination. At his address a cannabis growing operation was also uncovered. I suspect that there may be further computer equipment or drug related items in his vehicle parked nearby, and accordingly I authorise this search. Original written authority recorded on Form C201 at 11.56hrs.	 MARRIOTT INSP 4087
